

RECYCLING AND HOUSEHOLD HAZARDOUS WASTE ADDENDUM

This Addendum is part of the Lease/Rental Agreement between the undersigned and Everett Apartments, the Owner.

Any material or substance designated as hazardous by federal or local standards is absolutely prohibited in trash receptacles or containers. Special handling and disposal are necessary for items considered to be corrosive, flammable, reactive or toxic to insure the preservation of our environment. In addition, garbage collectors and landfill workers risk injury from hazardous materials exploding when crushed during processing. Common household products that contain hazardous waste components include:

Drain and oven cleaners
Wood and metal cleaners and polishers
Automotive oil and fuel additives
Grease and rust solvent
Carburetor and fuel injector cleaners
Air conditioning refrigerants
Florescent light tubes and ballasts

Batteries
Paint and paint thinners
Paint strippers and removers
Adhesives
Herbicides and pesticides
Fungicides/ wood preservatives
TV's and computer monitors

Any Individual determined to have placed prohibited material in a container may be held liable for any resulting injuries and/or disposal and handling fees to properly dispose of materials. A more complete list of hazardous products is attached and made a part of this Addendum. If you live in the county and need further information, please call Butte County Department of Public Works, Solid Waste Division at (530) 538-7681 or a recycling website at www.teamrecycle.com. If you are a city resident, you can get more information from A/C Industrial at (530) 343-5939.

Non-compliance with the proper disposal of recycling materials and household hazardous waste shall be treated as a material breach of the rental agreement.

By signing below, I acknowledge that I have read and understand the conditions relating to the disposal of recycling materials and household hazardous wastes and agree to hold the Owner harmless from any and all charges, expenses or liability resulting from the placement of prohibited materials in garbage receptacles.
